8. New Business

A. 2021-024 – Review, discussion and possible action to elect Board Officers Positions.

- Our board bylaws require that we hold an organizational meeting each year to establish the officer positions. The two officer positions are chairperson and clerk. The chairperson provides the "administrative force", signs checks, and signs contracts. The clerk assists the chairperson, causes the agenda, and maintains official records. The bylaws do not specify the selection process.

 - \$1,671,265 billed
 - \$768,000 in settlements

 Calculated Operating Expenses - \$1,397,753 Local Support - \$495,046.

Discussion only. No action taken.

C. 2021-026 – Review and discussion concerning RVFD anticipated growth.

- As part of our strategic plan, we have identified growth as a major focus area. The attached document identifies our historical and recent growth. From the past growth, three different potential growth predictions are presented. The potential rapid growth in the Vail area will have a tremendous impact on Rincon's ability to continue to provide excellent services. While the impact can be positive or negative, the organization needs to take this information and make appropriate plans for the future. **Historical Growth** - 33.25% resident growth between 2013 and 2018 Incident growth of 23% over last five years.

Recent Growth - 13.01% resident growth between 2018 and 2019 Incident growth of 7% each year (average over last five years).

Predicted Growth - Three Models - 24.6% (Incident), 11.93% (Population), 21.3% (Household).

Member McKinley asked if the growth presented was just for the district or the service area. Chief Kahle stated that the growth evaluation was for both.

Chairperson Harrington stated to continue evaluating the growth and stay with the curve. Discussion only. No action taken.

D. 2021-027 – Presentation and discussion concerning the 15th Firefighter deployment plan.

- The deployment committee presented their findings concerning the 15th firefighter deployment, present three deployment options and then present their recommended option. However, all options have long term operational and political implications. As such, the committee would appreciate guidance from this governing board.

Option A - 15th firefighter at Station 292. Continues Corona trial move ups from 0800-1700. Slight improvement of response times.

Option B - 15th firefighter at Station 291. Additional person cross staffs the Squad and Tender. Will have no impact on the increasing response times.

Option C (Preferred) - 15th firefighter at Station 292. Prioritize southern deployment. Remove third ambulance from service as staffing levels decrease. One 4-person engine is available 100% of the time. Two 4-person engines are available with staffing levels at 15 and 13.

The Board and Chief Kahle discussed concerns regarding political issues, financial impacts, retaining our C.O.N., and the pros and cons of hiring civilians.

The Board agreed to allow Chief Kahle and the Deployment Committee to continue with what they think is best. The Board stated they have their full support on their decision. Chief Kahle will keep this topic as ongoing in his monthly Chief's Report.

E. 2021-028 – Review Discussion and possible action to extent Policy #4-022 Emergency Paid Sick Leave.

- As current numbers indicate, the COVID-19 Pandemic will not be over by December 31, 2020. As such, we need to extend the emergency sick leave policy. To date, we have used 224.5 hours of leave or approximately \$6,400.
